

#### **Technical Specification**

- Sizes 3/4" 4"
- Available in Aluminium, Stainless Steel & Polyproplyene
- Seals Buna Nitrile
- 4-10 Bar Maximum working pressures
- Working pressure on polypropylene couplings is dependant on the operational temperature
- BSP threads taper on the male parallel in the female
- Suitable for liquids, powders & granules
- Interchangeable with various other camlocks made to the same standard
- Passed the Action Three Point Quality Control checks

#### Features & Benefits

- Straight-through connection
- Light-weight
- Economical

#### Applications

- Light to medium duty
- Pipe, hose, tubing & tanks
- Conveying chemicals, cosmetics, food & drink
