

Art270HP

PN25 Stainless Steel 304 Fixed Orifice Plate

Technical data

Max pressure: 25 Bar

Working temp: -10°C to +120°C

Features

- Wafer pattern
- Fits between BS EN1092 flanges PN25
- Flow characteristics confirmed to BS 7350
- Fixed orifice with $\pm 5\%$ flow measurement accuracy
- Can be close coupled to a double regulating valve
- Supplied with 2 extensions and test points
